Dear friends,

At Girl Be Heard, we encourage girls and young women to take their seat at the table with their crowns high, unashamed, and fearless and ready to have their say in conversations and decisions that will impact their growth, future, and well-being.

Join us as we mark the evolution of Girl Be Heard and our Company Members and participants at our 2022 gala on December 8th from 6 pm - 10 pm at [74Wythe](#), Brooklyn.

Come watch our young artists bring our gala theme 'Evolution' to life with a special performance that will inspire you to be unapologetic about your own evolution.

All funds raised from the gala will go towards our free year-round programming that gives girls and young women across the city and around the world an avenue to stand tall, speak out, and BE HEARD!

We can't wait to celebrate with you!

GET GALA TICKETS

P.S. Can't attend? We'll miss you but you can still make a difference in the lives of girls and young women in New York City and beyond by donating today at girlbeheard.org/gala-2022.

Don't miss this special performance by Girl Be Heard's 2022-23 Artistic Company and alumni

During this celebration of girls and young women, the 2022-23 Girl Be Heard Artistic Company will be joined by our alumni Company Members in a rendition showcasing Girl Be Heard's evolution in the last decade under the direction of [Dr. Fatou Gittens](#).

With the help of both past and present Company Members, we will see the evolution of what is possible in the future as our alumni will figuratively pass the baton to the new Company Members as they sing a joint song with movement.

Paying homage to "The Revolution Will Not Be Televised", our performers will speak to the idea of evolution being televised and live within today's media networks. They will also present reflections on where we are today as a society in the current fight for justice.
